Ms. Pennock;

It has been months since I disproved the EPA statements concerning restoration plans on OU-1. Will EPA acknowledge receipt of this email and explain the contradiction between their statements that a Restoration Plan was not required after the order of demolition and the requirement for a Restoration Plan found in this document?

Sincerely, DC Orr

Ms Pennock;

I don't see that you have ever responded to this information.

DC

Ms. Pennock;

The City Council has had discussions with EPA and Corps reps concerning the drainage problems that cropped up on OU-1 after Removal Action.

I have attached a page from the Action Memorandum Amendment dated July 20, 2001 which indicates that 14,149 cubic yards of material were removed and only 12,500 brought in as backfill. This is probably why the property no longer drains properly.

This page also refers to the damage done to those buildings during abatement with EPA oversight. This discounts the statement in the ROD, and Rebecca Thomas' 9-3-09 correspondence, that the buildings were in bad shape. They were damaged by abatement beyond repair. With EPA oversight.

Also, note the end of the last line in the first paragraph which reads, "EPA will direct Grace to demolish the buildings, while alternative restoration plans are being developed". EPA has stated that the requirement for restoration plans was dropped when the buildings were demolished. The statement is not supported by the public record which requires a restoration plan be developed AFTER demolition. Please supply this restoration plan to the Libby City Council. Make sure that you let me know when you send it so I can request it from our Mayor. He has a bad habit of "forgetting" to let Council know about his correspondence with EPA.

Sincerely, DC Orr
